| Effective date | January 1, 2026 |
| Policy owner | People Operations |
| Applies to | All employees whose roles can be performed remotely |
| Next review | December 2026 |

**FICTIONAL DEMONSTRATION POLICY. This document was created for the OnboardIQ college project demo. OnboardIQ Technologies is a fictional company; this is not a real company policy and must not be relied on.**

## Purpose

This policy explains who can work from home, how often employees are expected in the office, and what is expected when working remotely.

## 1. Work-from-home eligibility

Employees who have completed their first thirty (30) days of service may work remotely up to two (2) days per week, with their manager's approval.

During the first thirty days, new hires are expected to work from the office so they can settle in with their team.

Roles that require on-site equipment or customer presence may not be eligible for remote work. Managers confirm eligibility in writing.

Working remotely from another city for more than five (5) consecutive working days requires approval from your manager and People Operations. Working from outside India is not permitted.

## 2. Office attendance requirements

Eligible employees work from the office at least three (3) days per week.

Each team sets one common in-office anchor day per week for collaboration. Attendance on the anchor day is expected.

Remote days must be agreed with your manager and recorded in the HR portal by Friday for the following week.

## 3. Working hours

Standard working hours are 9:00 AM to 6:00 PM, Monday to Friday, including a one-hour lunch break.

Employees may start between 8:00 AM and 10:00 AM, provided they are available during core collaboration hours of 10:00 AM to 4:00 PM.

## 4. Remote work expectations

- Be reachable on chat and phone during core collaboration hours, and reply to messages within thirty (30) minutes during those hours.
- Keep your calendar up to date and join video meetings with your camera on where possible.
- Work from a quiet, private space. Always connect through the company VPN, and do not use public Wi-Fi without the VPN.
- Follow the IT and Information Security Policy (OIQ-IT-SEC-006) for devices and confidential data.

## 5. Equipment and allowance

The company provides a laptop and a headset to every employee.

A one-time home office allowance of up to INR 10,000 is available after ninety (90) days of service, for a desk, chair or monitor. Claim it in the expense portal with receipts.

Fictional content for the OnboardIQ demo. Not real company policy.
