Policy ID	OIQ-FIN-PAY-003
Version	2.2
Effective date	April 1, 2026
Policy owner	Finance (Payroll)
Applies to	All employees on the OnboardIQ Technologies payroll
Next review	March 2027

FICTIONAL DEMONSTRATION POLICY. This document was created for the OnboardIQ college project demo. OnboardIQ Technologies is a fictional company; this is not a real company policy and must not be relied on.

Purpose

This policy explains when and how salaries are paid, what appears on payslips, which deductions apply, and how to raise payroll questions.

1. Monthly salary payment date

Salaries are paid monthly, by bank transfer, on the last working day of each month.

If the last working day is a public holiday, salaries are paid on the previous working day.

2. Payroll processing

The monthly payroll cut-off date is the 20th of each month. Attendance, leave, new joiner details and approved changes received by the 20th are included in that month's salary.

Employees who join on or before the 20th day of a month are paid for that partial month in the same payroll cycle.

Employees who join after the 20th receive their first pro-rated salary in the following month's payroll.

Submit your salary bank account details and tax declaration during onboarding. Missing details can delay your first salary payment.

Approved business expense reimbursements submitted by the 15th of the month are paid with that month's salary.

Salaries are reviewed once a year, and revised salaries take effect from April 1.

3. Payslips

Payslips are available in the HR portal under Payroll, two (2) working days before the payment date.

Each payslip shows gross pay, each deduction, reimbursements and net pay for the month.

Payslips for the last 24 months can be downloaded from the HR portal at any time. Annual tax statements (Form 16) are issued by June 15 each year.

4. Salary deductions

The following deductions may apply each month:

- Income tax deducted at source (TDS), based on the tax declaration you submit.
- Provident Fund (PF) employee contribution of 12% of basic salary. The company contributes a matching 12%.
- Professional tax, as required by the state where you work.
- Optional health insurance top-up premiums for parents, if you enrolled them.
- Loss of pay for unapproved or unpaid leave, calculated as monthly gross salary divided by the number of calendar days in that month, for each day of unpaid leave.

Proof of tax-saving investments must be submitted in the HR portal by January 31. Without proofs, tax is recalculated and the difference is deducted from the February to March salaries.

5. Payroll-related queries

- Raise payroll questions as a ticket in the HR portal, under the Payroll category.
- The payroll team responds within two (2) working days.
- Confirmed payroll errors are corrected in the next payroll cycle.
- If an error reduces your net pay by more than 10%, an off-cycle correction is paid within five (5) working days.
- Urgent payroll issues can be emailed to payroll@onboardiq-demo.example.

Fictional content for the OnboardIQ demo. Not real company policy.
